## Europe Region of World Physiotherapy

The Europe Region of World Physiotherapy is a non-profit, non-governmental organization that represents the physiotherapy profession at European Level.

The Organization, founded on 13th September 1998, has a membership of 38 Physiotherapy Associations, one from each of the European countries representing approximately 200.000 physiotherapists in Europe.

### **The Europe Region of World Physiotherapy aims to:**

Promote the development of reciprocity of physiotherapy qualifications and to improve the quality of physiotherapy education and practice in Europe.

Promote physiotherapy in Europe and to oversee all matters dealing with physiotherapy.

Facilitate migration and the right of establishment of physiotherapists in Europe, within the National and EU legislative framework.

Encourage closer co-operation among the national physiotherapy associations within the Region in all professional matters to improve general health of the population of the region.

Co-operate with international organizations in Europe to promote the aims and objectives of Europe region World Physiotherapy.

Represent the interests of and speak for its Member Organizations with European Authorities.

Represent the profession on a regional basis in consultation with the Executive Committee or as delegated by the Executive Committee of the Europe Region of World Physiotherapy.

Develop policies and declarations for proposition to the Executive Committee and General Meeting of World Physiotherapy.

### 6th EUROPE REGION PHYSIOTHERAPY CONGRESS

November 2026 - Madrid, Spain

- 1200 projected participants
- projected represented countries 50  
(European and global reach)

## Welcome letter

Welcome to the 6th edition of the quadrennial congress of the Europe Region of World Physiotherapy. The Spanish Association of Physiotherapists (AEF) will be our hosts in Madrid, on 5-6 November 2026.

The programme promises to be diverse and exciting, based as it is, on the themes of the Region's permanent working groups: Advocacy & EU Matters, Education & Research and Professional Practice.

This Congress provides an opportunity to come together in person to learn and to share knowledge across a broad range of themes. It also provides a valuable occasion to connect with new and existing colleagues, to widen professional and social networks and to enjoy the company of friends.

Whether this is your first or sixth Europe Region Congress, a warm welcome awaits you in Madrid. I hope you will return home enthused by new knowledge to apply, new experiences to savour, new professional connections to develop and new friendships to cherish.

Start planning and see you in Madrid!

**Esther-Mary D'Arcy**  
*Chair of the Europe Region of  
World Physiotherapy*

MADRID  
2026

## Welcome letter

Welcome to the 6th Europe Region World Physiotherapy Congress in Madrid, Spain. As President of the Spanish Association of Physiotherapists (AEF), I am genuinely delighted that our country has the privilege of bringing together physiotherapists from across Europe and beyond for this prestigious event.

This congress represents a unique opportunity to share knowledge, exchange experiences, and advance our profession. In a rapidly evolving healthcare landscape, physiotherapy is fundamental in improving people's well-being, and we must continue to learn, collaborate, and innovate together.

Spain's rich history, culture, and deep commitment to healthcare excellence is the perfect setting for this gathering. Madrid offers a welcoming atmosphere and a space where science, education, and professional relationships can flourish. Here, you will find an inspiring environment to engage with world-class experts, explore cutting-edge research, and gain insights to enhance your practice.

Beyond the academic and scientific programme, I encourage you to embrace the opportunity to connect with colleagues, create lasting partnerships, and experience the warmth and hospitality of Spain. Whether through lively discussions, collaborative projects, or simply enjoying moments of leisure in the beautiful surroundings of Madrid, these connections will be invaluable in shaping the future of physiotherapy.

On behalf of the AEF and our organising team, I extend my heartfelt invitation to you all. Let us celebrate our profession, strengthen our community, and make this congress an unforgettable experience.

I look forward to welcoming you personally in Madrid.

## Venue

### Palacio Municipal de Congresos IFEMA MADRID

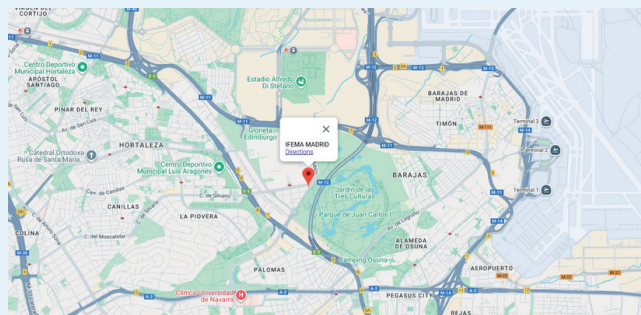

Avda Capital de España, 7 · 28042 Madrid, Spain

Tel: +34 917 22 30 00

This cutting-edge construction comprises more than 30,000 m<sup>2</sup> of usable space and has an auditorium with a capacity for 1,666, a multi-purpose room of 2,414 m<sup>2</sup> and thirty-two rooms of different capacities, ranging from 26 to 360 people. It also has its own parking.

The building is structured into three large blocks. Both the left and the right wings have meeting rooms for 20 to 350 people on the 1st, 2nd and 4th floors. The central area called Multi-purpose Space located on the 3rd floor is mainly used for commercial exhibitions and catering services. Located on the ground floor, at the main entrance to the Palace, is Auditorium A, renovated in August 2019 and which has 1812 seats. In the vestibules of this main entrance we have additional space for commercial exhibition, catering services and other

## Why become a sponsor?

The quadrennial Congress of the Europe Region of World Physiotherapy is the flagship meeting for the leaders advancing physiotherapy across Europe clinical leaders, researchers, educators, hospital and clinic executives, procurement teams, health-policy decision-makers and the rehabilitation technology and services industry. Exhibiting or sponsoring places your organization at the heart of the conversation and connects you with those shaping the sector's roadmap.

Key benefits for your organisation:

### 1. Brand visibility & positioning

- Prominent presence across event channels (website, programme, app, venue signage, etc.), aligned to your sponsorship tier.
- Direct association with the professional excellence of the Europe Region of World Physiotherapy and with AEF, our hosts in Madrid.

### 2. Business & lead generation

- A high-traffic commercial exhibition designed to maximise delegate flow, with complementary activities in the exhibition area to foster networking between attendees and companies.

### 3. Market intelligence & reputation

- Insight into trends, emerging needs and direct feedback from professionals in day-to-day clinical practice.
- Strengthen your credibility and your commitment to physiotherapy's standards and values.

### 4. Talent & social impact

- Employer-branding and recruitment opportunities.
- Purpose-driven sponsorships (e.g., event sustainability) that elevate your CSR.

In summary, this is a unique opportunity to participate in one of the most important events in physiotherapy held in Madrid for the first time.

We look forward to welcoming you!

*The 6th Europe Region Physiotherapy Congress adopts a strategy aligned with the Sustainable Development Goals. The event will be held under the commitment to be a "Zero Waste" meeting, reducing the use of plastics, promoting sustainable mobility, and offsetting its carbon footprint.*

- Logo placement of the sponsor, according to the sponsorship category, on the official website, final programme, congress app, congress signage, and venue banners

**€ 2.500**

\*Applicable VAT rate: 21%

## Event Sustainability Policy (Recommendations)

Our shared goal is to minimise the environmental impact of the Congress. We understand that the venue and logistics may not always allow for fully sustainable solutions; therefore, we encourage best practices to be implemented whenever possible. Every small step counts.

### Materials — Please prioritise

- **Reusable and modular** elements (structures, modular carpet, furniture).
- **Recyclable single-material** options (cardboard, paper, metals, glass).
- **Certified wood** (FSC/PEFC), recycled textiles, **water-based inks and PVC-free signage** (e.g., honeycomb cardboard or textile).

### Materials — Please avoid when possible

- **Single-use plastics** (bottles, cups, straws, cutlery, single-dose items).
- Reduce paper usage as much as possible and replace it with downloadable **QR codes**.
- **EPS/foam** and **PVC** (banners or rigid panels), permanent vinyls, single-use carpet.
- **Short-life giveaways** or unnecessary packaging.

*If any of these materials are technically required, please aim to minimise quantities, reuse them, and plan for proper recycling or disposal afterwards.*

### Waste management & cleanliness

- **Recycling stations** will be available (paper/cardboard, packaging, glass, organic waste and electronic waste).
- We kindly invite all participants to **separate waste** whenever possible.
- During setup and dismantling, please keep your area tidy and **remove packaging**; additional containers can be provided upon request.
- Prefer **reusable dishware**; if using compostable items, please check whether a dedicated collection stream is available.

### Sustainable operations

- **Digital first:** use QR codes and online materials; print only when necessary and on certified paper.
- **Energy efficiency:** use LED lighting and switch off equipment when not in use.
- **Responsible catering:** filtered water, no single-dose packaging, and mindful food-waste management whenever possible.
- **Transport and logistics:** consolidate shipments, reduce packaging, and prioritise shared or collective transport.

### Support from the organisers

Our team is happy to **advise**, provide **recycling points**, share a **list of sustainable suppliers**, and answer any questions. If you need an **exception** or alternative solution, please contact us — we'll be delighted to assist.

**Thank you for helping us make this Congress more sustainable!**
